

SCARECROWS ON PARADE

Following the success of previous year's Scarecrow Parade we are repeating the event again this year.

The format will be to start erecting your scarecrows in your front gardens from 22 June. On 6 July they can all be taken to the "The Church Garden Party" at the Rectory for display. The two following weeks they can be viewed arranged around the Churchyard after which we request they are collected.

For a small fee a trail will be available with clues to find some of the scarecrows around the village.
